The Jordan River

The Lord's My Shepherd

Violin Solo

The Jordan River
As we donned our life jackets over our regular clothes, we (we, our children and our grandchildren) were all excited about our first rafting experience—on the Jordan River near its origin above the Sea of Galilee! After much laughter and a few narrow escapes from our new experience of paddling, we descended a little waterfall and managed to guide the rafts into “harbor.” So, likewise, as we go on our pilgrim journey in paths untried before by us, if we will go to the Shepherd to be guided, we will all arrive safely.
